book. no matter if your just a weekend player or pro.0 of 0 people found the following review helpful. Four StarsBy actualagentgood read0 of 0 people found the following review helpful. Three StarsBy Ronald E Martinekok

As Internet poker exploded, thousands of players turned to Internet Texas Hold'em to help them become winning players. Today, Internet Texas Hold'em is now the most successful book ever on Internet poker. Internet Texas Hold'em is an excellent tool for beginning to intermediate players to be successful at limit Texas Hold'em with specific topics focused on Internet play. The book's reputation has superceded its title as many players now recommend it for live play also. A comprehensive overview of Texas Hold'em is presented including general poker concepts such as probability and odds, bluffing, raising and check-raising. Various deceptive tactics are also discussed such as free cards, slowplaying, and inducing bluffs and calls. You'll learn the correct strategies for starting hand play as well as playing on the flop, turn, and river. You'll learn the intricacies of playing on the Internet and the differences in strategies between Internet and live play. Finally, you'll be able to practice all of these strategies on over 200 actual Internet hands. Poker is a fun game, but it is even more fun when you win. This is a book for players who want to improve their game to win more money. If you only play a few hours a week or strive to take your game to an advanced level, this book should serve as a reference for many years to come.

From the AuthorI wrote this version of Internet Texas Hold'em back in 2002 and 2003 right at the beginning of the poker boom. It became an immediate success and to this day is the most successful online poker book of all-time. My follow-up to this book was Texas Hold'em Odds and Probabilities, which goes into further details of some of the concepts first introduced in Internet Texas Hold'em. This was followed up by The Poker Mindset, which aims to help players manage tilt while playing. In 2009, I released Internet Texas Hold'em New Expanded Edition which was updated to reflect changes in the game that have occurred over the last several years:Updated starting hand chartsTwo new chapters for short-handed gamesOne new chapter discussing multi-way pots in loose games50 new hand examples Good luck and I hope you enjoy the book. MatthewAbout the AuthorMatthew Hilger's interest in professional poker is four-fold: playing, writing, publishing, and managing poker content websites. His other titles include:Texas Hold'em Odds and Probabilities (2006)The Poker Mindset (2007)Internet Texas Hold'em New Expanded Edition (2009)Matthew started playing professionally on the Internet in 2001. He has won two online tournaments with over 3,5000 entrants each, won the 2002 New Zealand Poker Championship, has cashed three times in the WSOP main event, and made back-to-back final tables at the Aussie Millions.
