Edwin B. Kantar : Introduction to Declarers Play before purchasing it in order to gage whether or not it would be worth my time, and all praised Introduction to Declarers Play:

1 of 1 people found the following review helpful. Best book I've read on the play of the hand. By J. Brick Concise, insightful, humorous in parts, and well written. The whole book is a series of a-ha! moments. Excellent explanations creating extra winners using length and promotion, concepts that didn't resonate as strongly with me when reading

other books, because he explains the why of it and not just the rote rules of thumb. When to draw trump immediately vs. when to take other action first. Keeping transportation between the hand and the dummy available, etc. This will improve your play immediately, and used copies are available for next to nothing. His book on defender's play is equally insightful. Make your partner read both of them! 0 of 0 people found the following review helpful. Introduction to Declarer's Play by Eddie Kantar By Larry E. Manter This, as almost all of Kantar's books, is good and introduces you to the basics of declarer play. It's not as good as the Introduction to Defender's Play because that is a more difficult subject and there is really more to learn there and probably because Kantar had the reputation for being one of the best defensive players of all time. It's a very good book tho but the other is a great one (my opinion). 3 of 3 people found the following review helpful. Very glad I bought this book By Sarah 1960 I found this book to be very helpful to my bridge play. I learned to play bridge a year ago and, whilst I thought I understood the principles of planning the play when Dummy comes down, this book helped me to see the gaps in my knowledge. Mr Kantar's way of explaining the key points is easy to understand and done with a sense of humour. Great book!

One of the most outstanding bridge players and best-known bridge writers in the world will teach you the all-important declarer's play skills you need to play winning bridge.
