The book itself isn't as large as the copies of 2-4 (it's about the size of the first one), but it does have plenty of decent art inside.1 of 1 people found the following review helpful. Another fine book by Shirow.By Gregory L. BrownAs always Shirow shows why he is one of the best at this type of style art and his own descriptions of how he does it.

Masamune Shirow, creator of Ghost in the Shell and Appleseed, is famed worldwide for his groundbreaking

contributions to manga and animation, and his work in the game industry is equally impressive. *Intron Depot 5: Battalion* presents Shirow's stunning design and conceptual art for *Asura Fantasy*, *RF Online*, *Fire Emblem*, and others, showcasing 128 pages of characters, costumes, weapons, gear, and environments, all in glorious color. In his commentary, Shirow discusses his increasingly sophisticated CG technique as well as the unique demands of working in Japan's fast-paced game industry. A must for any manga, anime, or gaming enthusiast and essential for any fantasy/science-fiction artist.

About the Author Masamune Shirow is one of the most storied manga artists of all time. Shirow is known for *Ghost in the Shell*, *Appleseed*, *Dominion*, and many more. Much of Shirow's work has been adapted into television, movies, and video games.
