From Hyperion Books : It's Not Easy Being Green: And Other Things to Consider It's Not Easy Being Green before purchasing it in order to gage whether or not it would be worth my time, and all praised It's Not Easy Being Green: And Other Things to Consider It's Not Easy Being Green:

0 of 0 people found the following review helpful. Great for Henson Fans!By RDDA neat volume, but the seller sent me a "new" copy lacking the dust jacket. As I intended to give it as a gift, I could not accept this and had to send it back. Good for fans of Jim Henson.1 of 1 people found the following review helpful. Good Stucking StufferBy Ms. C's ClassCute little sayings that you can pick up and put down throughout the day. Probably better bought as a stocking stuffer than anything else.11 of 11 people found the following review helpful. Thoughts of a geniusBy Bobby NewmanThe loss of Jim Henson greatly diminished the world. "It's Not Easy Being Green: And Other Things to Consider" gathers together some of Henson's thoughts on a variety of topics. What comes through is an individual who was deeply concerned with making a contribution to the world, and how we can all live a life in harmony with ourselves, with other people, and the world around us. This is a short read, a book for keeping in the bag on the way to work and other times when losing yourself in pleasant thoughts and deeper private reflection is appropriate.

New.
