Only played it with two people but it is a lot of fun and well-suited for two (many games are not good for just two players). Best to watch some online reviews of the game to jump-start the learning curve. Trying to explain the game to someone is also pretty difficult. Best to jump in and start playing once one person has taken the time to familiarize there-self with the game. My wife and I got the hang of it

Great game!By Marcelo GalvaoThis is a kind of rummy, so you have to match some cards, in this case, evidences of Jack crimes. It's a great game, but it works only with 2 players. I love the art as well: it reminds me From Hell, graphic novel by Alan Moore and Eddie Campbell.1 of 1 people found the following review helpful. Excellent game.By Wen74Even though the rules are rather badly written, the game is brilliant. I heartily recommend this to everyone who is not afraid to try something different from traditional card games.
