A very interesting and well written book By Kindle Customer I thought this book was well written and dealt with a lot of different perspectives and events, very much worth the read. 4 of 4 people found the following review helpful. Worth the art and then some By John Bindas I'm a long-time Star Wars collector with a definite focus on Jedi/Sith and the Force. This is a great resource for anyone looking for the history of both the Jedi and the Sith, as well as a detailed overview of the Force itself. The in-universe perspective told from several authors' points of view is well-written and very true to the characters' established personnas. The art is extremely good, with lots of great pictures detailing most of the important events in Star Wars history. I'm not an art-

first person, but this book easily blows one away with its incredible pics. If you're a casual Star Wars fan who always wanted to know more about the Jedi, the Sith, and the Force, this is for you. As a GM, I'm getting this as a Holiday gift for my entire group. I feel it's that useful for my players to have as a reference. 0 of 0 people found the following review helpful. Five Stars By Rachel S. Gave a detailed explanation for different era in the old timeline and Jedi involvement throughout each era.

THE ULTIMATE GUIDE TO THE ABSOLUTE POWER AT THE HEART OF THE STAR WARS GALAXY The Force, in the immortal words of Obi-Wan Kenobi, surrounds us, it penetrates us, it binds the galaxy together. The fortunate few who are able to tap into this extraordinary power have studied and cultivated the full spectrum of its potential—either embracing its virtuous qualities or succumbing to its evil temptations. The Jedi seek to bring peace and enlightenment to the galaxy, while the Sith hunger only for conquest and control. This comprehensive one-of-a-kind overview chronicles the known history of the Force and its wielders down through the ages, from the founding tenets of Jedi and Sith teachings to the landmark events and legendary figures who have shaped the struggle between the light and dark sides. In first-hand accounts by Obi-Wan Kenobi, Yoda, Luke Skywalker, Leia Organa Solo, Darth Bane, Darth Vader, Count Dooku, Emperor Palpatine, and a host of other Jedi Masters, Sith Lords, scholars, and sages, *Star Wars: Jedi vs. Sith: The Essential Guide to the Force* spans the breadth of available knowledge, including the first recorded discovery of the Force, significant battles affected by the Force throughout galactic history, the purpose, construction, and importance of Holocrons, the evolution of the Jedi and Sith orders, Force-sensitive abilities including battle meditation, telekinesis, and mind tricks, noteworthy Jedi and Sith lightsabers, and the seven forms of lightsaber combat.
