From Brand: Damiani : Jenny Gage Tom Betterton: Upstairs, Downstairs Outside before purchasing it in order to gage whether or not it would be worth my time, and all praised Jenny Gage Tom Betterton: Upstairs, Downstairs Outside:

Sydonie Herrera is the most beautiful and luckily the only one who goes full frontal, maybe there is a full frontal shot of Patricia Schmid on a picture where you can't see the models' face, but just these two photos of Sydonie revealing all are enough to make this book special.

Drawn to the mid-zone between documentary and fiction, the photographer-couple Jenny Gage and Tom Betterton have evolved a narrative style of portraiture that approaches and re-approaches their subjects from all angles-a style

that has served them well in the field of fashion photography, where they have made great portrait-sequences of Kate Winslet, Salma Hayek and Uma Thurman among others, for major fashion magazines such as Vogue and Elle. Gage and Betterton also collaborate on art projects which they have exhibited widely. In *Upstairs, Downstairs Outside*, the couple offers an intimate exploration of three women in various states of nudity, from photographs taken in and around the couple's Brooklyn home over the course of a year. In this beautifully designed volume, Gage and Betterton have forged an informal celebration of the nude form.
