I actually visualized being on the Journey of young Francisco Lopes young Khafa Musa of Ghana. It is an intriguing read, romantically set in Islands I could only dream of touching the sand; and learning about the Olmec Colossal Heads wow. You will not be disappointed reading this fine authors Journey Through the Middle Passage.Great job Mr. Henry Seaman.

To this day, any one of us can travel to the Gulf of Mexico, and to the Mexican Peninsula, and view the history of African Explorers. The mystery is not that the Colossal Stone Heads exist, but how have most of us not heard of their existence? Why are many of us hearing about their existence in 2017, when they were discovered in 1837?
