The book celebrates God's creation and has many Bible quotes as well as quotes from other sources and individuals such as Ralph Waldo Emerson, Robert Louis Stevenson and Mahatma Gandhi. The Scripture quotes in the book are taken from a variety of sources, including: King James Version, Holy Bible New International Version (NIV), the New Living Translation, Holy Bible, and the New King James Version. The designs range a wide variety including many flowers, buildings, children at play, animals, birds, sunrises, skylines, and more. The drawings have the lovely and imperfect look of hand-drawn art, which for me, makes coloring the designs even more special. While I do enjoy computer generated coloring books as well, my favorite is always those created by hand. I chose a more traditionally Christian image for my first project in this book a cross and a dove with a Scripture quote from 1 Corinthians 13:13. It reminds me that the greatest of all is Love. That we should love no matter what, how, or if it is reciprocated. I used a variety of wet medium for this project including Tombow water-based markers and Pitt India Ink pens. This is what I discovered in coloring in this book: 90

pages of Hand-Drawn Designs with emphasis on Scripture and other quotes Printed on both sides of the page. Paper is medium weight, white, slightly rough and non-perforated Some designs merge into the binding area Glue Bound Book lays fairly flat once the spine of the book is heavily creased. Alcohol-based markers bleed through the page and will ruin the design on the back of the page. Water-based markers were mixed. Most left shadows on the back of the page; however Tombows brush end markers did not bleed through. Gel pens and India ink pens did not bleed through. Coloring pencils worked well with this paper. Both soft and hard lead pencils had good color. I could blend and layer both wax and oil based soft lead pencils. 0 of 0 people found the following review helpful. beautiful art from one of my art heroes
