**Nicolas Ghesquiere : Juergen Teller and Nicolas Ghesquire: Season Three** before purchasing it in order to gage whether or not it would be worth my time, and all praised Juergen Teller and Nicolas Ghesquire: Season Three:

This, the third book in the celebrated series by renowned German fashion photographer Juergen Teller (born 1964) and Nicolas Ghesquiere (born 1971), artistic director of Louis Vuitton, proves that their audacious collaboration is as alive as ever. Perhaps more explicitly than its predecessors, I Just Arrived in Paris (2014) and The Flow (2015), Juergen

Teller and Nicolas Ghesquire: Season Three tells the story of a fashion collection as it evolves through photography in this case, Ghesquire's creations for Louis Vuitton Fall/Winter 2015/16. Divided into named chapters, the book shows the changing guise of the collection as Teller photographs it for different purposes and in individual moods: be it press-kit photos, streetscapes and still-lives, candid bathroom scenes, backstage and runway shots, a fashion editorial for AnOther Magazine or the advertising campaign. As ever with Teller, his photos reveal an irreverent, sometimes brazen take on the world of luxury, and rethink the line between fashion and life. This monograph and unique collaboration between fashion and photography is a true collectible for all those interested in fashion photography.
