Tribune Media Services : Jumble BrainBusters Junior: A Fun Way to Help Kids Learn and Get Ahead in School (Jumbles) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jumble BrainBusters Junior: A Fun Way to Help Kids Learn and Get Ahead in School (Jumbles):

2 of 2 people found the following review helpful. Great for Newbies, Junior or Seniors! By PurpleGirlI wanted to get a jumble word puzzle book for my father, who is a senior citizen. He used to love jumble word puzzles, but some were too challenging. This 'junior' book was perfect for him, as well as my teenager daughter. The puzzles, are not too easy, but not overly challenging. And it categorizes the puzzles like 'baseball', 'school', 'presidents', and often gives extra hints. This book is perfect for light to medium brain exercise! I highly recommend it. 2 of 2 people found the following review helpful. Mom Loves it! By EnglishRoseMy Mom was frustrated trying to do the New York Daily News

Jumbles on a daily basis and I read an article stating that doing word games like jumbles keeps the aging brain active. So, I sent for this book of Jumbles and she loves doing them with the Grandkids or by herself. She got so enthusiastic about her success that We do the newspaper Jumble daily together. The Jumbles are fun for kids and a great way to keep the mind Limber! 2 of 2 people found the following review helpful. Brain Busters By g3y9 Not that this doesn't make you think, but they are ALL the same type of "puzzles" It needs a bit more variety to keep my kids interested for more than a page or two. I've had to get a few different thinking books keep them entertained. Good for something from time to time, but it doesn't keep their attention enough. My son said, "If you've done one, then you've done them all".

Jumble BrainBusters Junior proves that learning doesn't have to be a chore! Parents can get their kids excited about geography, history, science, and math with these fun, educational puzzles. Just like traditional Jumbles, BrainBuster puzzles feature a series of mixed up words that have to be unscrambled to reveal a secret answer. But with each BrainBusters, each step towards solving the puzzle is educational as well as fun.
