Jumbles are terrific!By cctygerI purchase these Jumble books for my mother to work while she is waiting for appointments or waiting in the car for someone. She loves completing them in the newspaper everyday, but it's nice to have a full book she can take with her on trips, etc. The quality of the product is excellent - no problem bending back pages to work the

puzzles; nothing falls apart or out of the binding. If you like scrambled word games, this is the book for you!

This collection of Jumble puzzles which have been enjoyed by millions of newspaper readers for more than 40 years features hundreds of mixed-up words coupled with cartoon clues, where one letter from each word is used to form the answers to the puzzles. A must-have for any fan of crosswords or word puzzles, this book packs together clever and humorous ways to give the brain a work out.
