This is a nice twist on the typical jumble book because we both like crossword puzzles as well. We like all the jumble books quite a bit, and like the fact that we sometimes learn new words as we look up the definition of occasional words we are not familiar with while we do these. 0 of 0 people found the following review helpful. Great for puzzle lovers! By cctygerI continue to purchase Jumble books for my elderly mother who absolutely LOVES them. She works the puzzle everyday in her newspaper and takes these books with her on trips and to appointments where she might have to wait. They are perfect for her! 0 of 0 people found the

I purchased this book and felt that my older cousin could use it to help her with her memory loss. She was excited with this book, and we did one puzzle together. The following day, I received a phone call from Shirley. She was excited and told me she could not put the book down before she completed nine puzzles. Thankyou Mr. Hoyt for your marvelous book. Craig V Skipton. Now I am going to order the book for myself and hope Mr. Hoyt has written other Jumble Crossword Puzzle books so I can keep Shirley busy.

Mixing the traditional word puzzle, the crossword, with the added excitement and challenge of Jumble, this collection provides both fun and cognitive exercise.
