2 of 2 people found the following review helpful. great for jumble puzzle loversBy DVD watcherIf you like doing jumble puzzles in the paper, you will enjoy this book. There are 180 puzzles in this book. It is the size of a large coloring book and has larger print (which I really like). There are a couple levels of difficulty. (I have done OVER 20 of these puzzle books, and there are quite a few in this book that have been in some of the others, but you will STILL HAVE FUN doing the puzzles.) Great for the jumble puzzle lover.3 of 3 people found the following review helpful. V and ABy 'Classical' TexanI became a fan of the Jumble puzzles several years ago when they were published in my local newspaper. After looking in several stores for a Jumble book, I found there were none. Then, I thought, "" and ordered 'Jumble Sensation'. I have enjoyed it very much. As you know, almost no TV show requires one's complete

attention. Therefore, my 'Jumble Sensation' puzzle book is with me to give my brain what the TV does not. I'm sure I will order others in the future. 1 of 1 people found the following review helpful.
