**Pete Naish : Jumbo PrintEasy Crosswords #1 (Large Print Crosswords)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jumbo PrintEasy Crosswords #1 (Large Print Crosswords):

By nicolita Not quite as easy as I would have hoped, but challenging enough that I stay interested and feel pretty good if I can complete the puzzle without cheating. Also, would you believe that the print is actually too large? Excellent for people with bad eyesight! My only true complaint is that the clues don't tell you if the answer if multiple words. This is confusing because I might look at a row/column with 5 boxes thinking that the answer is 5 letters, but it might be two words with 2 and 3 letters respectively. This makes it much harder than it needs to be.

By Michelle Favorite Couldn't be more perfect. Easy, spiral and large print.

These large-print crosswords challenge solvers' brains not their eyes. Each puzzle takes up a full two pages, so both the

clues and the numbers in the grid are easy to see and fill out. With their fun subjects and challenging clues, they'll baffle you in the most delightful way.
