**Michael Mepham : Jumbo Sudoku** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jumbo Sudoku:

Appealing presentation, good variety of sudoku types, nice big puzzles allow penciling in of possible answers in squares. Similar to Jumbo Sudoku Fusion but eschews the "gentle" category and starts out at intermediate, going to advanced. A hardcore puzzle addict, I keep the Jumbo Sudoku Challenge in the car and Jumbo Sudoku Fusion at home (or vice versa) and am assured of having a fun puzzle at hand all the time. On trips I used to have to take several books with different puzzle types but now this is the only book I need. Highly recommend both this and Jumbo Sudoku Fusion and am hoping Jumbo Sudoku Explosion is built along the same lines.0 of 0 people

found the following review helpful. Jumbo Sudoku ChallengeBy 1 CustomerKeeping my brain cells alive and active. I need more erasers and pencils, I guess I'll have to start buying them by the dozen.24 of 25 people found the following review helpful. not jumbo at allBy Phyllis McKenzieI ordered 2 copies of this, based on how much I love Mepham's "Total Sudoku" -- but I wish I hadn't. It has 2 puzzles per page instead of one large puzzle per page as shown on the cover. Mepham's "Total Sudoku" has one puzzle per page -- which is wonderful. There is no reason to want an awkward 8 X 10 page except to get a really big grid. If I'm going to have half-page-size puzzles, give me a half-page-size book that is easier to hold. And this does not have any 16 by 16 puzzles, which are my favorites. And the answer grids are TINY.

Following on the heels of the popular Total Sudoku, the second installment, JUMBO SUDOKU includes over 350 brand new puzzles. The numerical brainteaser is sweeping the nation its positively addicting! This collection, which ranges in difficulty from the gentle through the tough to the diabolical, is the most extensive on the market. JUMBO SUDOKU includes circular and giant 16 x 16 grid puzzles along with the regular puzzles ranging in levels from easy to fiendish. Every puzzle is an oversized grid so you have extra room to help you solve a real treat for puzzle lovers! Sudoku puzzles continue to be picked up in top newspapers across the country and are already featured in USA Today, NY Post, Washington Post and the LA Timeswith many more sure to follow. With every puzzle being completely different Sudoku is sure to appeal to puzzle-fans of all levels.
