I love this book if only to look at the pictures: A fun mix of formal magazine print and informal paparazzi pictures. It's great to see the contrast in personal and professional and how they have influence one another.Such an inspiration, I keep it on a table near the closet for fashion ideas.I hope a sequel will be released as a companion, with Kate Moss' wedding soon to arrive! Sure to be beautiful.0 of 0 people found the following review helpful. GreatBy G VVery informative. Great for Kate Moss fans.0 of 0 people found the following review helpful. Kate Moss Rocks!By CustomerVery thorough analysis of Kate Moss's style, lots of pictures of her iconic outfits

An international trendsetter with an influence more powerful than any fashion magazine, Kate Moss is a one-woman style revolution who kick-starts global trends with each new look. She has made wearing vintage cool, dressing for

festivals a headlining act in itself, and looking sexily disheveled a serious style statement. This look inside the most famous wardrobe in the world unravels the secrets of Kate Moss's fashion formula by uncovering the stories behind her most iconic outfits, including the infamous sheer silver slip dress, the much-coveted lemon yellow prom dress, and the rock chick PVC leggings. Contributions from some of the most noted fashion designers, stylists, photographers, and vintage dealers in the industry among them Manolo Blahnik, Donna Karan, Domenico Dolce and Stefano Gabbana (Dolce Gabbana), Matthew Williamson, Kelly Osbourne, Britt Ekland, Katie Grand, and Marc Jacobs help reveal how Kate chooses what she wears and why. Beautifully illustrated with hundreds of photos of Kate's iconic style campaigns and famous outfits, this is a celebration of a unique life in fashion that explores in-depth the evolution and impact of Kate's look.
