The first time I saw Kate Moss was in The Face magazine (now sadly gone to magazine heaven) and I was stunned at her rawness and unique beauty. Here was a young woman who was not like the typical model we saw in ads and fashion magazine editorials. Here was a thin and lean waif who was a natural beauty with spunk and a rebel streak! Kate Moss defined style in the 90's through her Calvin Klein ads and sexy photo shoots. Despite, the backlash against her "under weight" frame, Kate continued to work and make beautiful art! For those of us who regard her beauty as timeless and love what she represented, a book collecting her greatest images was long overdue. The Kate Moss book is not just a book celebrating some of Kate Moss's most memorable images, as it is also a collection of her edgy work with some of the greatest photographers who have worked in fashion. The book is massive and almost 400 pages. It is heavy and solid. Flipping through it is like wading through 2 decades of fashion's greatest images. Kate helped select these images and should be commended for choosing images that are not always flattering but are always interesting, Kate on the toilet, Chuck Close's wonderful black and white portraits sans make-up, and numerous shots which I found to be beautiful but the average person might not. The nudes, black and white, vivid colors, some erotic and some plain, are some of the best images of Kate Moss, because despite reports she cried during the sessions of her earlier nude sets, she seems most comfortable without clothing. Despite enduring judgement, criticism for her weight, scandals involving drug use allegations, and having becoming a mom, Kate Moss is still super successful and beautiful (reportedly earning millions of dollars last year!) At 38, Kate Moss is still working and beautiful, fascinating and working with some of the most artistic photographers in the business. The book is amazing for fans of Kate and of fashion and photography. My only criticism is that the book is chock full of images of Kate smoking! Damn, she smokes a ton, lol! Seriously, Kate quit smoking! As a photographer, I found the book to be so inspirational. The cutting edge work Kate Moss has created over the years is thoroughly on display here and is a compliment to her sensibilities and the great artists she has worked with. Long live Kate Moss! May she work into her 50's. Like my muse, model Liz La Point who is in her 30's,

Kate Moss has an eternal youthfulness that promises to last. May she never quit making such bold and daring choices, and may she continue to be apart of the fashion and art world! This book places Kate Moss in fashion history as one of the greats and I look forward to another volume in 20 years! On another note, and not 's fault, but rather the publisher. The book arrived in seemingly good shape and was packaged well by but after I took the plastic off and began flipping through it, I discovered several wrinkled pages and then an actual rip in the middle of one of the pages. I can't decide whether to return it or not because the book is published with 6 different covers and I like the one I got but it does make me irritated that after months of anticipation for this book, it should arrive damaged internally as a result of the printing process or packing process. 5 of 5 people found the following review helpful. Beautiful Kate By Dari T. My Girl-Crush! This was a Christmas gift to myself, and the best one! Full of not only photos from famous ads and editorials taken by the greatest photographers, but also of sculpture and artwork that has been made in her image. Her beauty, strangeness, and versatility really inspire me as an artist. This book will be an inspirational reference for years to come... 1 of 1 people found the following review helpful. Great photos! By M. Glabets great collection of the amazing Kate Moss

Created by Kate Moss herself, in collaboration with creative director Fabien Baron, Jess Hallett, and Jefferson Hack, this book is a highly personal retrospective of Kate Moss's career, tracing her evolution from new girl with potential to one of the most iconic models of all time. KATE: The Kate Moss Book will be released with eight unique covers, shot by Mario Testino, Corinne Day, Inez Vinoodh, Craig McDean, Mert Marcus, David Sims, Mario Sorrenti, and Juergen Teller and will be shipped to customers at random. Kate Moss began modeling as a teenager and achieved recognition when photographs of her shot by Corinne Day appeared in British magazine The Face. She made her so-called waif mark as a counterpoint in the 90s to then-dominant, Amazonian supermodels like Cindy Crawford, Claudia Schiffer, and Linda Evangelista, and, with countless international magazine covers and fashion features, and campaigns for brands including Calvin Klein, Chanel, Bulgari, Dolce Gabbana, Gucci, and Longchamp, has remained one of fashion's most enduring and influential forces. Moss's magic has been captured by the world's leading photographers, and this volume spans the entirety of her unparalleled career, from model to fashion designer, and muse to icon. Told through images that Moss has personally selected, KATE shows the influence of her collaborations with top photographers and artists over the last two decades, and clearly demonstrates why her career has had, and continues to have, such incredible longevity. Photography by Arthur Elgort, Corinne Day, Craig McDean, David Sims, Hedi Slimane, Inez Vinoodh, Juergen Teller, Mario Sorrenti, Mario Testino, Mert Marcus, Nick Knight, Patrick Demarchelier, Peter Lindbergh, Roxanne Lowit, Steven Klein, Terry Richardson and others. Including many never-before-seen images from her own archives and those of the illustrious photographers with whom she has worked, KATE is a must-have for anyone interested in one of the most iconic models in the history of fashion media and modern culture.

"Created by Kate Moss herself, in collaboration with creative director Fabien Baron, Jess Hallett, and Jefferson Hack, this book is a highly personal retrospective of Kate Moss's career, tracing her evolution from new girl with potential to one of the most iconic models of all time." ~Highsnobiety.com "...the Rizzoli book promises an intimate look into into fashion's leading lady. Indeed her career has been so expansive its a wonder they could fit it all into one edition. Not just a model, she has also dabbled in the world of fashion design, and the book encompasses all these things and more, as well as personal images belonging to Moss herself... For a Kate Moss fan, this book really is a must-have." ~dualshow.com "While fashion has an infamously short memory, the book will make sure no one ever forgets Kate." ~Modern Luxury Dallas the book is a highly personal retrospective of her career, following her trajectory from schoolgirl waif to one of our eras most recognizable and iconic faces. ~Another Magazine Kate: The Kate Moss Book is the most exhaustive and compelling pictorial autobiography this reviewer has ever had the pleasure of reading. The format of the book is set up to reveal what lies beyond and beneath the two-dimensional image of one of the most ubiquitous faces and icons of the latter 20th century. Ms. Moss comes across as honest, quite devoted to her craft, and genuinely lovable in a business whose members it is so easy to loathe. There is no stone left unturned in these pages. She is every woman, every girl, every tomboy, and every sex siren loved by the camera. So many more wildly talented photographers make Kate: The Kate Moss Book the quintessential depiction of one of the most enduring personalities of fashion. The images are beyond expectation and the sheer stature of the book does everything to solidify Ms. Moss place in fashion's hall of fame. I have never been a fan but am now totally won over by the unbelievable assemblage presented in this homage and visual history of Kate Moss. This is a book that equals its subject matter in quality and grandiosity. ~Jeffrey Felner, NY Journal of books I cant wait to peruse the pages of this book; Ill be in awe of all the iconic imagery. This will be a great addition to my collection. ~Melissa Magsaysay, Angeleno Magazine a highly personal retrospective of the iconic models career, tracing her evolution from new girl with potential to one of the most recognizable models of all time. Told through images that Moss personally selected, Kate shows the influence of her collaborations with top photographers and artists over the last two decades... ~Life + Times The Kate Moss Book celebrates the supermodels decades-long reign, from fresh-faced teen to grunge goddess to all-around glam icon. ~ New York Post About the Author The founder and creative director of Baron Baron, Fabien Baron is also the Editorial

Director of Interview magazine. Previously responsible for managing the careers of some of the fashion industrys most famous faces, Jess Hallett has risen to become one of the industrys most respected and heralded casting directors working today. Jefferson Hack is the founder of Dazed and Confused, AnOther, and AnOther Man magazines.
