**Ginette Sainderichin : Kenzo (Universe of Fashion)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kenzo (Universe of Fashion):

4 of 4 people found the following review helpful. Parisian-ExoticBy BOYWAYA small sampling of work by the Japanese born French fashion designer Kenzo...that leaves a big impact. The wonderful mix of cultures and historical references makes for a joyful style that often combines eastern and western icons with big bright jolts of colors, textures and patterns. The exotic supermodels bring the exotic, yet wearable looks to life with ease and a free spirited glamour....especially through the romantic lens of the unique Han Feurer.
