**From Puzzlewright : Killer Thursday Crosswords #2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Killer Thursday Crosswords #2:

Tough but enjoyable crosswordsBy RafeSometimes it seems that the famed Sunday crosswords are just too much to tackle--they are not just difficult for most of us, but they are very big and they take a long time to solve (again for most of us). But the Thursday crossword books are a great compromise: they are still demanding (and witty at times), but not so huge and demanding of large chunks of time. Helps keep our obsessions under control!0 of 0 people found the following review helpful. Not my cup of tea!By Marilyn KivoStill working on it .... but not as enjoyable as others I've done. I prefer puzzles that are clever, fun and not too easy. These were pretty blah!0 of 0 people found the following review helpful. Five StarsBy VA-CacherGreat crosswords and just the right level of challenge for us.

By Thursday, your brain is warmed up and ready for puzzles that require killer skills and concentration. These strenuous crosswords offer challenging clues and themeslike Cruciverbalist's Delight, Alphanumeric, and Pulling Up Stakesthat often involve gimmicks to uncover. Sometimes they have no theme at all as an extra challenge!
