**Bill Harvey : King's Gambit: Tactical Puzzles from Miniatures** before purchasing it in order to gage whether or not it would be worth my time, and all praised King's Gambit: Tactical Puzzles from Miniatures:

1 of 1 people found the following review helpful. MisleadingBy Shawn SicNOTE this is published by INDEPENDENT, which is barely step above photocopy, many of the chess positions have pixelization and very hard to tell which piece is which. Very disappointing!0 of 0 people found the following review helpful. Five StarsBy Alan FearnNice work.0 of 4 people found the following review helpful. i just,, need a chess amateur player,By Customeri just , ,need a chess amateur player ,by undestand thi s shark opening

This is a collection of nearly 400 puzzles taken from the first 20 moves of Kings Gambit chess opening play. Each puzzle represents a stratagem nearly unique to the opening. A diagram marks the point of the critical position in the game and the reader is invited to predict the winning move. The remainder of the game along with variant solutions is

found at the end of the book, accompanied by a copy of the diagram.

About the Author Bill Harvey is webmaster of the site [wtharvey.com](http://wtharvey.com) where you find 10,000 chess puzzles from games played by the world's strongest players. He has edited scores of books on chess puzzles. Away from the board, he catalogs music for a major US library.
