The guide itself is full of really helpful information to give you the most well rounded KH2 experience and I got a really good price considering the condition my book came in was way better than I had expected.0 of 0 people found the following review helpful. Anything and everything you want to know about Kingdom Hearts 2 is in this book.

Very detailed and amazing art and pictures. Only thing I don't like is that it doesn't include any of the extra content that that is in Kingdom Hearts 2 Final Mix.
