Vassilios Kotronias : Kotronias on the King's Indian: Classical Systems (Volume 4) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kotronias on the King's Indian: Classical Systems (Volume 4):

The King's Indian Defense is one of Black's most dynamic responses to 1.d4. A favorite weapon of both Fischer and Kasparov, it remains a popular choice at all levels of play. In this, the fourth volume of the epic Kotronias on the King's Indian series, Grandmaster Vassilios Kotronias tackles a variety of White's attempts to challenge his favorite opening, starting with the sequence 1.d4 Nc3 Nf3 0-0 Be3 respectively, while the dreaded Exchange Variation 7.dxe5 is also

discussed and dismantled. Dynamic coverage of Makogonov's 5.Be3, Larsen's 5.Be3 and Averbakh's 5. Throughout the work, the author shares his considerable knowledge of typical positional motifs, while providing plenty of ammunition should the game erupt into the full-blooded warfare that is the hallmark of the King's Indian.

About the Author Vassilios Kotronias is a Greek chess grandmaster, who has been Greek Champion ten times. He is feared for his profound opening preparation, and is one of the world's foremost experts on the King's Indian Defense.
