If you pick up a piece and are not sure of the material or category or description , you can get lost fast. I guess it might be good for people who know the

system but for new people its hard to grasp it ..4 of 4 people found the following review helpful. Relevant but only slightly usefulBy Jersey girlOkay but not enough variety of items in class. Seems as if the book works in conjunction with a secondary causes for themselves or selected dealers. One positive benefit is the identification of maker marks for items.2 of 2 people found the following review helpful.
