Emily Cox, Henry Rathvon : Laid-Back Sunday Crosswords before purchasing it in order to gage whether or not it would be worth my time, and all praised Laid-Back Sunday Crosswords:

2 of 2 people found the following review helpful. I'm really enjoying these...By Fiona's MomThese puzzles are not super hard but not too easy. A few clues have driven me temporarily crazy, but that's part of the attraction of crosswords. I often switch between puzzle books from day to day, but right now I want to finish all the puzzles in this book before I move on to any others. The paper is good quality and the puzzle sizes are just right. (I tend to enjoy the Leslie Billig, Washington Post, Merle Reagle, Random House, and Simon and Schuster puzzle books, if that helps.)0 of 0 people found the following review helpful. Clever but workable with honest clues.By william lammeyThe spiral format and arrangement of puzzle at the top and clues below make it easy to write/work. Just the right amount of difficulty with clever but not misleading clues. The 120-130 size is perfect. Smaller goes too quickly and does not allow for themes to play out.0 of 0 people found the following review helpful. Laid-Back Sunday CrosswordsBy Tommy GI am enjoying this one a lot. The themed puzzles are sometimes tough, sometimes easy. I love doing Leslie Billigs' puzzles too.

Sunday's the day to lie back, relax . . . and solve nice, large crosswords. These puzzles are 21x21, rather than the smaller daily-size 15x15 grids. And bigger puzzles equal more hours of fun. Designed by two of the world's top crossword creators, these all have top-notch themes and clever clues.

About the AuthorCox and Rathvon are bona fide puzzle royalty who regularly contribute acrostics to the New York Times, crosswords for the Boston Globe, and cryptics for a Canadian publication.
