He has done crossword puzzles his entire life. These difficulty is perfect. The large print is a necessity. Dad has commented on how much he enjoys that way the clues formatted. Unique but not overly difficult. Because his macular degeneration prevents him from reading, he is thankful that the content isn't too heavy on books/authors. The words are a perfect scattering of topics. Started him off with Editions 1, 2 4. Hope T.J. loves his job and keeps producing more.I can't thank you enough. He called and asked if I could possibly find more. I am so happy to provide him with something to occupy some of his time. This winter was long. Mr. Joseph made it tolerable.0 of 0 people found the following review helpful. She finds these easy to read and is now doing two or three ...By Peter McAlleyI bought these for my mother who was so impressed with the first one I gave her last year that she wanted another. As you had the 'three for \$whatever" I sent her the three. She is coming up 92 and has diminishing eyesight hence my tryout of a large print last year. She finds these easy to read and is now doing two or three a day. Good for her mind and helps reduce her frustration with her fading eyesight. A great purchase and these comments apply equally to #2 and #1.0 of 0 people found the following review helpful. Fun for my

mindBy JoanI love these large print crosswords. Not too easy yet difficult enough to keep me thinking.

Here are large print, generously sized crosswords approved by the National Association for Visually Handicapped. There's no need to strain while reading the clues and numbers in the boxes because each of these puzzles takes up two pages, making them easy to see and fill out. They'll baffle you in the most delightful way, testing your wits on a variety of fun subjects.
