Great time killer, still have to think it through and addictive. I love this because it's bright white paper instead of the pulp type stuff regular books are on. The listing is a little weird as far as the order of the words. May have been an error in mine or intentional not sure but for example the 5 letter at the end of the page goes back to top left w next word. Not a deal breaker by any means, just different. Like the book overall so far.0 of 0 people found the following review helpful. Heavy weight paper, good puzzles.By Lyn (LynPgz@aol.com)Wish it was spiral bound, large size is a little awkward since the paper is thick and stiff.Otherwise I love this kind of puzzle and the book is well done.0 of 0 people found the following review helpful. good size for printing by handBy Midwest Teachergood size for printing by hand. Challenging and enjoy the level of challenge but doable. Puzzles make use of good logic.
