Editors at SHOES MASTER : Sneaker Tokyo vol.3 'PUMA' as You've Never Seen them Before (Sneaker Tokyo series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sneaker Tokyo vol.3 'PUMA' as You've Never Seen them Before (Sneaker Tokyo series):

PUMA produced masterpiece lines like "Clyde" and "Suede." PUMA was one of the first in collaborating with other fashion labels like Jil Sander or Alexander McQueen. PUMA supports topnotch athletes from under their feet: PUMA has many faces, and no one has seen truly what the company is, until this definitive publication makes public everything from their head office in Herzogenaurach, the past and future of legendary Clyde line to all products from the mysterious "The LIST." This book features interviews with "PUMANIA" worldwide, including Usain Bolt.

About the Author "SHOES MASTER" is a biannual magazine from Japan, featuring new models for the latest season and the exclusive stories which its professional editors produce by making full use of their network.
