The puzzles are nicely organized (easy, moderate, difficult), then within each of those, puzzles center on a theme, like a country, or "animals" or "careers and jobs". So the words are pretty useful. Further, there are 3 different types: "English clues, Spanish answers", "Spanish clues, English answers", and "Spanish clues, Spanish answers". Kudos to the author of this, job well done!1 of 1 people found the following review helpful. Four StarsBy Kindle Customerenjoyable.0 of 0 people found the following review helpful. Spanish-language students at all levels can sharpen their vocabulary and spelling skills with these entertaining crossword puzzles. The 72 amusing challenges contain everyday terms related to technology, food, animals, anatomy, and other practical subjects. Three different types of puzzles include those with English clues and Spanish answers, those with Spanish clues and Spanish answers, and those with Spanish clues and English answers. Complete solutions appear at the back of the book. Buena suerte!
