I bought it for my sister as a primer for her upcoming trip to South America. The puzzles are refreshing her memory of some of the Spanish language she has forgotten.2 of 2 people found the following review helpful. Not greatBy CustomerThis book starts out very easy, not much challenge. Later the puzzles become more like topical vocabulary lists such as items in a kitchen, or articles of clothing. I found these rather boring. Also, not much overlap of rows and columns, so clues are not plentiful. Either one knows the word or

doesn't. I wouldn't buy again. 6 of 6 people found the following review helpful. Lots of different ways to build your vocab
By Customer I bought the Fluenz Spanish course. I use this to see how I'm progressing. Every Saturday I go through the book and see what new words/puzzles/crosswords, etc. I can fill out. Kind of interesting. Shows you are progressing. Also shows me that I've got a long way to go.

Books in the innovative Foreign Language Word Puzzles series help students of foreign languages learn vocabulary and word meanings by working out a succession of fun-to-do word puzzles. Featured in each book are crosswords, word crosses, scrambled-letter puzzles, and cryptograms. All questions and clues are printed in English, but all answers in this puzzle book must be in Spanish. Puzzles are arranged in order of difficulty, beginning with Easy crosswords, word crosses, scrambled letters, and cryptograms, then progressing in the same order of puzzle types to Moderate Level, Tough Puzzles, and finally to Challenging Puzzles. Answers to all puzzles are presented at the back of each book. Type is set in two colors.

From the Back Cover (back cover) **SPANISH WORD PUZZLES** If you are studying Spanish, you'll find these word puzzles fun but more important, you'll discover how they help you build and strengthen your Spanish vocabulary. The author gives you different kinds of word puzzles, including crosswords, word searches, scrambled-letter puzzles, and cryptograms. Puzzles are arranged in order of difficulty, and you'll find answers to them all at the back of the book. 100 challenging puzzles in total.
