I'm a fan of Spank! ng these vixens!By J1 LuseThe cover provides a very good idea of what to expect inside - many young vixens showing off what their artist gave them. The guys all look goofy and the girls look hot. I am not a fan of the strange blotchy shading on some faces or the short punk-cut hair some of the girls sport but those are minor quibbles. The artist has a fluid line quality that adds to the appeal of his sexy subjects. Worth checking out.1 of 2 people found the following review helpful. Seductive little vixensBy Ivan53Woah! These little vixens are so seductive. I immediately ordered more Caretta after looking this over (several times).

Fernando Caretta is the high-lord of naughty bottom! His stylized take on young ladies in public and private, going about their day in the most provocative of innocent fashion is what brings his many fans to the yard! Cheeky fun is what Fernando is all about, and the subjects of his pretty portraits are in on the joke!
