Very beautiful fashion summaries for some very beautiful Hollywood leading ladies. My favorite fashion icons are Audrey Hepburn, Marilyn Monroe, and Dolores Del Rio. I wish the author would do another book that highlight current fashion icons such as Jennifer Lopez, Nicole Kidman, Halle Berry etc. 8 of 10 people found the following review helpful. I like this revised edition. By A Customer I bought the hardcover edition -- it was my favorite fashion book. But now, the revised edition with the introduction that involves new stars and their photos (Gwyneth Paltrow, Whoopi Goldberg, Drew Barrymore and Cher) adds a new dimension to the story. I'm really happy and for a paper back, the quality is EXCELLENT. Thanks Patty Fox! 14 of 15 people found the following review helpful. Great look at Hollywood style icons. By Jennifer Day This is a lovely book with wonderful photographs of Hollywood fashion icons. Another thing that is great about this book is that it features those who are not as popularly remembered, such as Dolores Del Rio, along with more popular icons such as Audrey Hepburn. Great book! Highly recommended!

Hardcover book with great photos of Hollywood's fashion icons we know and love like Audrey Hepburn including

those not remembered as easily such as Delores Del Rio accompanied by wonderful stories as told by the Author,
