I love it because it is thorough, descriptive, and easy to use. It lists every Official Star Trek Original Series product ever manufactured until copyright date (1991). It is indexed and contains color photos of some of the collectibles. I highly recommend this book to everyone who is a collector, wants to find the approximate value of the Star Trek/ Star Wars items they own, or who just loves the show and/or movie.0 of 0 people found the following review helpful. Good guideBy Cheryl D.I didnt realize the date on it when I purchased it, so its more my fault. Its pretty outdated, but for what it is, has pretty good info in it. Interesting read :)
