The reviewer who commented that this really should not be a "Starting Out" book is correct - The coverage is too deep for beginners. But lines are explained and concepts discussed very well, from both sides. Very useful whether you play the white or black side of the Scandinavian.0 of 0 people found the following review helpful.

A good opening book for the ambitious playerBy CustomerOpening strategy well described. A good opening book for the ambitious player.12 of 13 people found the following review helpful. Great bookBy MarkThis is probably one of my favorite chess books. Extremely easy to study along with and covers the main 3..Qa5, 2...Nf6, and 3...Qd6 lines as well as a few others. I personally like to play the ...Nf6 defense and have won many games with it. Highly recommended !

Jovanka Houska reveals everything you need to know about the Scandinavian, whether you are playing it as Black or facing it with White.

Houska has provided an excellent and much needed repertoire for the Caro-Kann player, and I would recommend it to anyone including myself!'Evan Kreider reviewing Jovanka Houska's Play the Caro-Kann for Chessville.com. Houska writes clearly and effectively and is especially good at explaining thematic ideas.'International Master John Donaldson reviewing Jovanka Houska's Play the Caro-Kann.
