**Andrew Dr Martin : Starting Out:The Sicilian Dragon (Starting Out - Everyman Chess)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Starting Out:The Sicilian Dragon (Starting Out - Everyman Chess):

1 of 1 people found the following review helpful. Five Stars By Dennis Giansante Very Satisfied 1 of 2 people found the following review helpful. Most of the books in this series are great but I would recommend the starting out accelerated dragon ... By eric fried I don't think they should have made a starting out book for the dragon. Most of the books in this series are great but I would recommend the starting out accelerated dragon if you are new to the dragon systems as it

gives better coverage of the opening. This is just too complex an opening for this type of book to do any decent job of covering it. 5 of 9 people found the following review helpful. Starting Out: The Sicilian Dragon (Starting Out - Everyman Chess) By B. Davis A good book to begin your exploration toward Master play in the Sicilian Dragon. This book should be supported by another book on the Sicilian Dragon that covers your favorite Sicilian Dragon Variation in greater detail once you begin playing it.

Andrew Martin studies this famous opening in a simplistic way, introducing the crucial initial moves and ideas and taking care to explain the reasoning behind them, something that has sometimes been neglected or taken for granted.

"They will fill a serious gap in the current chess literature, and I'm sure they will be extremely popular with amateur chess players."--Chessville.com "The ideal opening training manuals."--Glenn Flear, New In Chess
