**From Damiani : Stephane Coutelle: Shoebox Studio** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stephane Coutelle: Shoebox Studio:

Shoebox Studio records a moment in a fashion models career that is rarely seen by a wider public: the models first getting-acquainted photoshoot, in which no attempt is made to beautify or exaggerate her face, pose or expression. Having produced photo campaigns for some of the worlds premier beauty clients (Lancme, LOral, Revlon), French photographer and painter Stphane Coutelle is ideally placed to make these portraits of vulnerability and aspiration: his Shoebox Studio sees an unending parade of young women, newly arrived from all over the world and pursuing their first career. His first meeting with a model aims to establish their character and psychology, before professional reflexes take hold, and before complicity is established between photographer and model. Shoebox Studio gathers

portraits of aspiring models taken between 2006 and 2010.
