entertaining and I am got tense when Steve met the Golems. I also like how Lady Erica was rescued. The story is very refreshing and indeed very entertaining. The good thing about the book is the added section where the story was foretold in Spanish and in different languages. The author did a great job! The story can be understood by everyone and all throughout the world. Kudos to the author!! 1 of 1 people found the following review helpful. Cool book. By Michelle Fox The book is the coolest Minecraft book that I ever saw. It is because of the translations in the end. At first, I thought what a long book. It was so fascinating, and more interesting than the story, in my opinion. It even includes Korean translation which I really can't understand, still, it is really a nice thought. 0 of 1 people found the following review helpful. It sucks By INTELLIGENT This book is the same thing as sleeping freaking beauty. Bruh ! I mean the only that's different is the genders and names. If you didn't have a Minecraft cover I would never have known it was Minecraft. you didn't create a brand new story! You are a freaking forger. Also I think yo mama is so stupid that she stuck her finger in a socket and screamed I got the power! OK I'm out bruh
