And I will always love "Football Face"By Dennis KyteOf all the Vogue books, this one reveals the magazine at its most creative. Poznick's vison is original. The collection of photos here are the ones that I plucked from the pages of Vogue and plastered over my desk for inspiration. Color saturated shots and use of of negative space....completely new. Dazzling, diabolical, and wildly romantic viewpoint. And I will always love "Football Face"!Dennis Kyte
