Mental Food for Thought By goodfruit Brenda was clearly a woman way a head of her time! I did not like all of her essays, but they were all thought provoking, and that, I do like. If you like to read

short bits that make you think, this is the very thing. This book is timeless. Even if it was written by an amazing feminist born in 1895! 11 of 12 people found the following review helpful. Wonderful companion to IF YOU WANT TO WRITE By C. G. La Ferle A woman who lived with passion, spunk, and humor, Brenda Ueland is an inspiration to women writers, and especially to writers of memoir. Her style is unbridled and totally original; her voice bounces off the page and engages the reader. Her book of advice on writing, IF YOU WANT TO WRITE, is a classic, and I recommend it (at the top of my list) to all students in my writing workshops. STRENGTH TO YOUR SWORD ARM is a fine collection of articles, essays, and newspapers columns written by Ueland. An added bonus in this book is the delightful foreword written by memoirist Susan Allen Toth. Overall, this book is a wonderful way to learn more about Brenda Ueland. Clearly, there is no one else like her. -- Cindy La Ferle, columnist and author of Writing Home. [...]

Passionate and iconoclastic, these 80 articles and essays represent Ueland's entirely original view of the moral, social, and political issues of Midwestern, and American life. "Her personality leaps off the page in all its quirky intensity."-- Wilson Library Bulletin
