Puzzle Crazy : Sudoku Adult Puzzle Book Volume 5 (Adult Sudoku Puzzle Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sudoku Adult Puzzle Book Volume 5 (Adult Sudoku Puzzle Series):

0 of 0 people found the following review helpful. good puzzlesBy Amy KincaidI downloaded this book when it was offered free on . It was very helpful to get a copy of the book before I bought a printed version. If you want to find more free books, just search for a subject and sort the results by price. If you want to work on a puzzle, you can take a screen shot and then print that picture so you can write on the paper. I'm not sure it is worth it though since you have to

print each puzzle you want to work on. With the cost of ink, you might as well buy the book. It is nice to check out the book first though so you can ensure you will be happy with your purchase. You can also use various programs to be able to write with your finger onto the puzzle if you make a screen shot and then open it on your tablet or phone. It's kind of a hassle though, unless you are tech savvy and whip through the pictures, etc.0 of 0 people found the following review helpful. NO PDF version of this bookBy Julia VeddersMost of the puzzle and coloring books come with a free PDF copy of their book, with a link for it somewhere in the book. This book advertises the same thing, but there are only free crossword puzzle books available at the link in the book, none of them are sudoku. The book is also extremely short, about 10 puzzles in total. If it wasn't free, I would be really disappointed about that.0 of 0 people found the following review helpful. SudokulesBy MISEDAThe warning that this was a readable version of a printed book was not displayed when ordered directly from the kindle. Glad that I didn't lose money on it; but didn't bring a paper version of Sudoku on my recent vacation (cruise) which didn't allow me to run down to the local store to purchase.

IMPORTANT - EBOOK edition of this book is an **PRINT BOOK REPLICA** and not used for completing puzzles on the device. The eBook is a preview providing useful content on the benefits of crossword, sudoku and other puzzles for both children and adults, also showing the actual puzzles available in the physical copy of the book.
