The hotter-than-hot puzzles, now in a format just for kids! Youngsters who want to start solving can have fun with these smaller sudokus that are right on their level. Instead of the usual sudoku grid, which goes from 1 to 9, most of these puzzles go only from 1 to 6. Its simpler, increases the chances for success, and minimizes frustration. An introduction teaches the basic sudoku rules and offers easy-to-follow hints on how to figure out which number goes where. The book is small in size but the numbers are printed in large font, easy to read.
