**Parragon Books : Super Crossword Collection** before purchasing it in order to gage whether or not it would be worth my time, and all praised Super Crossword Collection:

15 of 16 people found the following review helpful. Ridiculously inadequateBy LieslSpiral binding and smooth paper make this book easier to work than a glued book of newsprint, but the puzzles aren't worth working. Most of the answers are only three, four, or five letters because the puzzles are so small (13 x 13 spaces). The clues are ridiculously simple, such as "\_\_\_ van Winkle" and "Sylvester or Garfield" and, with their answers, repeat from one puzzle to the next with an eel in every pot (not a chicken because that's too long a word). The difficulty does not vary or increase through the collection. You could work these not even in ink but in crayon.I would give this to a child in

her second or third year of reading for a road trip. 1 of 1 people found the following review helpful. crossword addict!!!!!!By Customeri absolutely love this book. it keeps my brain working. lol it is challenging and fun at the same time. i have the yellow book and the quick crossword book i have the amazing crossword . i guess u could say i am a addict. i just received the super crossword a couple days ago and i love it. i am currently working on this book and the quick crossword one. just can't get enough. even though i am not done with any of these books i still order more. if u like crosswords with a little challenge this book is the one for u. the yellow one is a bit easy but still fun. the quick crossword is fun also. the amazing crosswords is a little different than what i am used to but i still try. lol it is harder than the rest. i am currently debating whether to get the red crossword book just so i have it when i am ready. i was super excited when it came in the mail. it only took 4 days to get it.i have nothing bad to say about these books. i will buy more when i get more money because i am a addict. also, love the binder part. so easy to work with. love, love, love6 of 6 people found the following review helpful. No Degree of DifficultyBy peggyAs far as paper and binding are concerned, this book is great. But there is no challenge here. After working a half dozen puzzles from the front of the book, I jumped to the back thinking the puzzles would increase in difficulty. But that was not the case; it is largely a collection of three and four word answers to very simple clues.

Everyone loves a crossword! This collection is packed with crossword puzzles of all challenge levels and makes an ideal gift or stocking stuffer for any crossword puzzle fan. is a great way to pass the time with its quick, not-overly-challenging set of puzzles.
