Nintendo : Super Mario Bros. Journal before purchasing it in order to gauge whether or not it would be worth my time, and all praised Super Mario Bros. Journal:

1 of 1 people found the following review helpful. really like the design on the pages By Mae It's cute in theory, really like the design on the pages, cover and spine, but it came in heavily scuffed and the binding looks like it's been through some trauma. Supposed to be a Christmas gift so I'm kind of disappointed. 0 of 0 people found the following review helpful. Featuring vintage graphics from Nintendo's 1985 release of Super Mario Brothers, this journal has a foil-stamped invincibility star on the front cover, red stained edges, and Mario printed on the corner of each ruled page. (Flip the pages to animate him!) Simply designed and elegantly produced, this journal is perfect for geeks, gamers, or anyone who appreciates the iconic design of this classic video game.
