Andy Cohen : Superficial: More Adventures from the Andy Cohen Diaries before purchasing it in order to gage whether or not it would be worth my time, and all praised Superficial: More Adventures from the Andy Cohen Diaries:

65 of 67 people found the following review helpful. I really enjoyed Andy's last bookBy StephenOHI really enjoyed Andy's last book, but this one is too much----too many unknown names (even though some of them like SJP, Anderson, Kelly, Mark, DVJ, etc. can be deciphered), too many marijuana "lollys", too many trips to bars, restaurants, parties, men, etc. I almost gave up halfway through this book, but soldiered on until the end. I hope this will be the last diary and hope he has at last found happiness with the Brazilian Andy Samberg and will, at some point, realized how very fortunate he is to live such a charmed life. I really like Andy Cohen, but he has definitely reached a point of very

"shallow" and not very "deep". 77 of 83 people found the following review helpful. I really wanted to like this, but it was too boring. By Sharyn S. Lewis I love Andy Cohen, BravoTV and all things pop culture. I kept trying to get through this, but it wasn't very interesting. This is the same format as his last book. Besides his day-to-day diary of his daily activities and which celebrities he hangs out with, it didn't have much more to keep my interest. It was apparent he was trying to keep from giving too much info about his celebrity friends and gossip, which is more interesting than his diary daily schedule. I kept putting it down from lack of interest. 3 of 3 people found the following review helpful. Waste of time By flakyknitter I have far less respect for Andy Cohen than I did before suffering through this book. And perhaps even less for the crowd of celebrities who circle him. This man is a bore, and so is this book.

The star-studded and sidesplitting follow up to *The Andy Cohen Diaries* The megapopular host of *Watch What Happens: Live* and executive producer of *The Real Housewives* franchise is back, better than ever, and telling stories that will keep his publicist up at night. Since the publication of his last book, Andy has toured the country with his sidekick Anderson Cooper, hit the radio waves with his own Sirius station, *Radio Andy*, appeared on *Real Time with Bill Maher* despite his mother's conviction he was not intellectually prepared, hosted NBC's Primetime New Years Eve special, guest edited *Entertainment Weekly*, starred in *Bravo's Then Now with Andy Cohen*, offended celebrities with his ongoing case of foot-in-mouth disease, and welcomed home Teresa Namaste Giudice, from a brief stint in jail. Hopping from the Hamptons to the Manhattan dating world, the dog park to the red carpet, Cardinals superfan and mamas boy Andy Cohen, with Wacha in tow, is the kind of star that fans are dying to be friends with. This book gives them that chance. If *The Andy Cohen Diaries* was deemed the literary equivalent of a *Fresca* and *tequila* by Jimmy Fallon, *Superficial* is a double: dishier, juicier, and friskier. In this account of his escapades personal, professional, and behind-the-scenes Andy tells us not only what goes down, but exactly what he thinks of it.

"Andy Cohen isn't afraid to talk about anything in his life....the TV exec-turned-talk show host still manages to bring new meaning to the words "tell-all"....*Superficial* serves up an irresistible inside look at his glamorous, celebrity-packed life." People [A] gleefully name-dropping book *W Magazine* Andy Cohen doesn't hold back. [he] promised his third autobiographical book would be 'bigger, better and dishier.' True that. entries offer fabulous snippets from Cohen's fabulous life *NY Daily News* His books are so funny, and he is one of the few authors who really make me laugh out loud. Anderson Cooper, for *Architectural Digest* "Remember that time you bought a pint of chocolate-chip ice cream, and you said you were just going to take a couple of bites, and then you ate the whole thing?...Yeah, that's what reading Andy Cohen's third book is like. Its tasty and hard to put down" *Booklist* About the Author Andy Cohen is the host and executive producer of *Watch What Happens: Live*. He is the executive producer of *The Real Housewives* franchise and hosts *Bravo's* highly rated reunion specials. He tours nationally with Anderson Cooper on *AC2*, hosts *Then Now with Andy Cohen* on *Bravo* and *Radio Andy* on *Sirius XM*. He has won an Emmy and two Peabody Awards for his work. The author of two *New York Times* bestsellers, *Most Talkative* and *The Andy Cohen Diaries*, he lives in New York City with his dog, Wacha.
