Aleister Crowley : Swiss Crowley Large Troth Tarot Deck before purchasing it in order to gauge whether or not it would be worth my time, and all praised Swiss Crowley Large Troth Tarot Deck:

Lovely artwork, but visibly too small to get all the symbolism for someone needing reading glasses/poor vision. Even with reading glasses some things are hard to see. I should have purchased a larger deck for myself. But, I do like this deck a lot. This particular size is NOT

recommended for someone with poor eyesight. Entire ordering process, shipping, etc went very well. 0 of 0 people found the following review helpful. Four Stars By Lina Great cards, smooth shuffle, but I do agree,, they're too small to see the full artwork. Fast ship! 0 of 0 people found the following review helpful. Great deck, fantastic detail, great for taking photos with in HD. By Kindle Customer I use Thoth for a lot of my online readings, and like to take HD pictures of cards and spreads. For individual readings in person, I go with my large print, but for my online ones, this pocket deck has all the detail you could want and you can get a full spread in a picture for a client. I also love always having them with me if I need a quick consult.

Swiss Crowley deck includes 78 cards originally painted by Lady Frieda Harris, under the direction of Aleister Crowley.
