I travel so much I find that I play a lot of correspondence chess. Mostly "lightning matches" through USCF. This little book has been perfect for keeping my games as I move from one city to the next. I keep my favorite chess men and roll up board in my suitcase and this handy little book stays in my backpack. When my opponents moves show up in my email inbox I just pull it out and write them down. I wouldn't recommend for tournament play as the book is small and doesn't stay open as flat as most tournament players would prefer but this book has been perfect for keeping all my correspondence games in one place. Highly recommend !0 of 0 people found the following review helpful. Nicely arranged and functional By samster This item is precisely as advertised. Very visually appealing as well as functional. Although there may be other books that cost less, I would actually order this one in the future. 0 of 0 people found the following review helpful.
