**Edwin B. Kantar : Take Your Tricks** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Take Your Tricks:

1 of 1 people found the following review helpful. Best Bridge Book PeriodBy William L KutscherIf you buy one bridge book in your life, this is the one. It will improve your declarer play tremendously whether you are new to bridge or a life master. I have owned the book for years (this purchase was a gift), and I still review it daily to stay sharp. Also, if you're not familiar with Eddie Kantar's style, you are in for a real treat. His humor will not only entertain, but it will help you remember the lesson. Each lesson is short, so it's easy to read the book for five minutes or

for as long as you like. 0 of 0 people found the following review helpful. Five Stars By Albert L. Stasi As advertised 10 of 10 people found the following review helpful. Take your tricks...a plus for any bridge player. By Maryann This book contains so many "Ah-ha" moments one can't even count them. It's absolutely great. You can read for 5 minutes or hour and learn something useful each time. I recommend you read and reread. There is so much information. This is not a teaching book for conventions, point counts, bidding etc. It's what you should do to ensure you play the hand the smartest way possible. I can't recommend highly enough!!!!

Acclaimed bridge expert Eddie Kantar offers valuable warm-up tips along with card combinations and safety plays. This book focuses on the "play of the hand" and is aimed at almost any player beneath "expert" level who genuinely wishes to improve his or her game a notch or three. VALUE, ENTERTAINMENT, ENLIGHTENMENT: The hallmarks of an Eddie Kantar book. A distillation of decades of teaching and writing, this book tells you everything you ever wanted (or needed) to know about the play of the cards; and Eddie makes it painless.
