Takehito Harada : Takehito Harada Art Works before purchasing it in order to gauge whether or not it would be worth my time, and all praised Takehito Harada Art Works:

4 of 4 people found the following review helpful. For Fans of Nippon Ichi Games By Hayak This Art Book from Takehito Harada is truly great: Colorful, impressive and even fun to watch. Included on each page, there is art from most popular games from NIS including Disgaea (from D1 to D4) but also including Phantom Brave, Makai Kingdom and some extras; for each artwork shown, there are thumbnails of the step by step process before reaching the full colored image, so you get to see the doodles, before actually seeing the finished picture. At the end of the artbook, you get to see some descriptions of the images you saw before. It would have been a lot better to have that description next

to each artwork rather than at the end of the book, but i understand they wanted to get people to watch the artwork without any distractions.As for the quality, the book is well made, strong and resilient enough to avoid ripping pages by accident, colorful and feels great on the hand.Honestly this may interest any fan of the NIS games (or any Disgaea game) but hardly anyone else will consider buying this artbook.Quite satisfied.0 of 0 people found the following review helpful. DISAGEA ART! Main characters only!By EricIf you are a fan of Disgaea's artwork, then you'll get a kick out of this. It focuses on main characters, official production art and occasional work done to help promote the game.You'll see some early sketches and a very quick and non-descript look at how the artist colored the images. Little blurbs at the back give a sentence or two about the artists thoughts on each piece of work or say what it was used for.Art also features some work for Makai Kingdom and Phantom Brave.If you are looking for art based on non-main characters, (like the generic units, cat-siths, monsters, villains, etc) you will not find that here.Still, I love it!0 of 0 people found the following review helpful. Arrived Faster then Expected :)By Rachel WalzThe book was expected to arrive mid June when, I ordered late May, So to my pleasant surprise it arrived much Earlier then I had expect. Since it was coming from Japan, Overall the quality of the book is great, It covers much more of the Art between the Series of Disgaea games then I expected, All the way up to the 4th game.I enjoyed the little break downs on how the artist drew each piece of art, and the process of which they colored it, This helped me as an artist to figure out how to replicate the art style.Overall If you like the Disgaea series, and Takehito's Artwork, This book is recommended for both Artist and Fan alike, as both will get something they'll appreciate from it.

Featuring the works of video game artist extraordinaire Takehito Harada, lead character designer of the hit Disgaea RPG series! Takehito Harada Art Works covers the artists work on all four Disgaea titles, as well as Prinny 1 2, Makai Kingdom, and Phantom Brave. Inside youll find game covers, rare promotional art, rough layouts, creator commentary, and a detailed look at Takehito Haradas creative process.
