WilkeningThe book is informative but densely written, leaving the elaboration of concepts to the reader's practice. Definitely wrote from the dancer's point of view, it is a very different approach to physical transformation. Dave W.1 of 1 people found the following review helpful. Change of lifeBy Antonio MontiI bought two copies of this book. I think this is telling how I much and appreciate this book. It is both a beautiful object, beautifully written and amazing contents. Irene Dowd approach changed my life. I would suggest to buy ALS The Thinking Body.0 of 0 people found the following review helpful. Happy with purchase!By Jennifer C SoonI'm enjoying this book so far. Nice little treasures of information.

This text includes 10 articles covering such topics as "In Honor of the Foot", "Finding Your Center", and "Visualizing Movement Potential". With grace and finesse, Dowd illuminates essential topics for the dancer or anyone practicing movement arts, such as grounding and the source of core postural support.
