Bobby Baldwin : Tales Out of Tulsa before purchasing it in order to gage whether or not it would be worth my time, and all praised Tales Out of Tulsa:

0 of 0 people found the following review helpful. Old Book, Timeless TopicsBy Rusty NaylorI was unfamiliar with Baldwin's column in Poker Player so I was expecting an autobiography in the vein of fellow Oklahoman, Johnny Hale. But that's not what I got. It also isn't a book on how to play poker.What it is is a collection of essays about various topics involving poker. Topics that are still relevant today.0 of 0 people found the following review helpful. Five StarsBy Todd HaushalterAwesome book about by the master!0 of 0 people found the following review helpful. This is one of the true gentlemen of poker.By Karen DixonBobby is one of my favorite poker players. Unlike many of the players of today he holds his head high and earns respect. I first read this book in the late 1980's and enjoyed it tremendously. Being new to the world of poker at the time I was drawn by the "real-life" and historical aspect of the book. Very entertaining and engaging. A look back, now, on the way things once were. I frequently gave this to friends and family who didn't understand what we were doing! As for the "not essential" review...it is not a how to. This is a personal version of events not a tutorial.

Book by Baldwin, Bobby
